

Date: _____

Count the objects in each group. Write a number sentence and find the sum.
Remember to regroup when you need to.

+

_____ + _____ = _____

Sum: _____

A grid of 32 apple outlines arranged in 4 rows and 8 columns. Each apple is a simple line drawing with a stem and a small leaf. The grid is used for a counting exercise.

+

$$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$
Sum:

A grid of 40 five-pointed stars arranged in 5 rows and 8 columns. Each star is identical and oriented with one point facing upwards. The stars are arranged in a regular, repeating pattern across the entire page.

+

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

Sum: 0.000000

+

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

Sum: 12.500000000000000

A 6x8 grid of 48 small cubes, arranged in 6 rows and 8 columns. Each cube is drawn in a 3D perspective, showing its front, top, and right faces. The cubes are identical in size and orientation.

+

A 6x8 grid of 48 small cubes, arranged in 6 rows and 8 columns. Each cube is a simple 3D representation with visible top, front, and side faces.

_____ + _____ = _____

Sum: 425.00
